

NEAGLEY & CHASE

CONSTRUCTION COMPANY

Earn while you learn: Our internship program starts your career on the right path

Our internship program is open to college students who are completing their sophomore year (or beyond) and are enrolled in Construction Management, Building Technology, or Engineering programs.

Take advantage of a unique opportunity to advance your education and future career opportunities with a diverse hands-on field and office internship. Our Internship and Project Engineer Development programs help to pave the way to a fulfilling professional path in the construction industry.

Neagley & Chase Construction (NCC) is a highly collaborative and team-oriented group of construction professionals that care a lot about the work we do every day. Construction is a challenging and rewarding industry, and we are proud to be industry leaders in our region. NCC is dedicated to providing hands-on opportunities for people to learn, grow, and develop professionally.

Why join an internship program?

- ✓ Hands-on learning
- ✓ Direct exposure to jobsite activity
- ✓ Explore professional paths ahead of graduation
- ✓ Varied experience
- ✓ Potential for job placement directly out of college
- ✓ Geographically flexible — jobsites throughout the state

All interns receive

- ✓ Competitive hourly pay
- ✓ Mid-point reflection/check-in
- ✓ Exit performance review
- ✓ Professional letter of reference
- ✓ Course credit, if applicable
- ✓ Internship approval and experience documentation
